

5th Annual Pharma Project & Portfolio Management Summit, 2022

June 22nd, 23rd, & 24th

For the past four editions, we have thrived on our unique event format and content. In the last couple of years, we have adopted innovative ways of working, learned from them, and realized their benefits. At Eminence Business Media, we believe learning should not stop. Hence, after deliberating with the experts with immense experience in the industry, we bring to you the **5th Annual Pharma Project & Portfolio Management Summit 2022, Mumbai**, where we are focussing on the challenges and opportunities faced by the Project and the Portfolio teams in the new normal.

This event has been planned in a unique way, with focus on Portfolio Management on June 22nd; Collaboration between Project & Portfolio Management on June 23rd; & Project Management on June 24th.

This summit is bringing together the senior practitioners across the pharmaceutical industry to discuss the best strategies & approaches to adapt to the changes happening in the industry.

Envisioning the change, discuss how the pharma companies are planning and adopting their strategies to the changing market dynamics. Realize the true potential of the teams by delegating responsibilities and empowering the teams. Treasure the learning from projects and leverage it for achieving continuous success.

This is a great opportunity to network with your peers in the industry, discuss the challenges, understand how did they adapt, and take home the learning collectively.

To register your interest today, email abhay@eminencemedia.in or call +91 9561 476 160 for further queries & registration or visit www.pharmaprojectandportfolio.com
